

YOUR EXCUSE TO
AVOID COLONOSCOPY...

"NO ONE IN
MY FAMILY HAD
COLON CANCER..."

DON'T BE THE FIRST.

ROUGHLY 5 IN 100 PEOPLE ARE
DESTINED TO GET COLORECTAL CANCER
IN THEIR LIFETIME EVEN WITH
NO FAMILY HISTORY.

PHYSICIANS from the AMERICAN COLLEGE OF GASTROENTEROLOGY

RECOMMEND COLONOSCOPY

as the **PREFERRED COLORECTAL CANCER PREVENTION TEST**
