FRIDAY, October 16, 2015

6:30 am Welcome and Introductions
Michael A. Vaezi, MD, PhD, MSc(Epi), FACG

6:35 am Eosinophilic Esophagitis: Pathophysiology Directing Treatment
Ikuo Hirano, MD, FACG
Outline the etiology for eosinophilic esophagitis and discuss state of the art literature on diagnosis and treatment of this condition.

7:15 am Gastric and Intestinal Motility: From Normal to Dysfunction
Satish S. C. Rao, MD, PhD, FACG
Review the physiology of gastric and intestinal motility and outline clinical conditions in which motility dysfunction leads to disease.

7:55 am Helicobacter pylori Involvement in Peptic Ulcer Disease, Gastric Cancer, Dysplasia and Reflux
Douglas R. Morgan, MD, MPH, FACG
Discuss the role of commonly encountered H. pylori in gastric pathology including peptic ulcer disease, cancer and dyspepsia and review its role in GERD.

8:35 am Dysbiosis, Obesity and NAFLD: What Every Gastroenterologist Needs to Know
Zobair M. Younossi, MD, MPH, FACG
Gut microbiota are involved in sustaining health and their imbalance may result in various GI disorders. Better understanding is needed for the role of enteric microbiota in obesity and liver disease such as NAFLD.

9:15 am Break

9:30 am Mucosal Healing in the Era of Biologic Agents for Treating IBD
David T. Rubin, MD, FACG
Discuss recent developments in IBD including the role of mucosal healing in the era of biologic agents.

10:10 am Celiac Disease: From Etiology to Therapy
Joseph A. Murray, MD, FACG
Assess the mechanisms and discuss the exciting new diagnostic options and treatment strategies for patients with celiac disease.

10:50 am Endocrine Neoplasms of the Pancreas: When to Suspect? How to Diagnose?
Jamie S. Barkin, MD, MACG
Formulate up to date information on endocrine neoplasms of the pancreas with emphasis on patient presentation and optimal diagnostic testing strategies.

11:30 am Course Adjourns

Please note: While evaluations for CME credit can ONLY be completed online (at www.evals.gi.org/am/2015), information corresponding to the online evaluation is provided on page iv to assist you in evaluating this course.
